

# THE CRC SMARTWASHER<sup>®</sup> A SMARTER & SAFER SOLUTION

The CRC SmartWasher<sup>®</sup> is a manual parts washer that replaces traditional solvent or aqueous alternatives. It uses a non-hazardous, non-flammable, water-based degreasing solution that offers a superior cleaning performance as powerful as solvents while being safer for the user. The SmartWasher<sup>®</sup> will meet the needs of modern businesses' parts washing requirements.

The CRC SmartWasher<sup>®</sup> utilizes the natural process of bioremediation to break down and convert oil, grease and carbon-based contaminants into harmless by-products of CO<sub>2</sub> and water.

The bioremediation process reduces liquid hazardous waste streams and reduces the release of harmful pollutants into the environment.

## AN EASY & EFFECTIVE 3-STEP SOLUTION

- 1

**The SmartWasher<sup>®</sup>**  
 A high-quality, durable Parts Washer that heats the OzzyJuice<sup>®</sup> fluid and allows for the magic of bioremediation to take place. Designed specifically for heavy duty applications, with the flexibility to suit almost any working environment.

---

- 2

**The OzzyJuice<sup>®</sup>**  
 A water-based, industrial strength, pH neutral, non-corrosive, non-flammable, cleaning fluid for use in the CRC SmartWasher<sup>®</sup> system. The advanced OzzyJuice<sup>®</sup> formula cleans as well, if not better, than traditional solvent technologies. All OzzyJuice<sup>®</sup> solutions are NSF A1 Registered.

---

- 3

**The OzzyMat<sup>®</sup>**  
 A revolutionary, Multi-Layer Filter Mat that not only traps particulates, but most importantly contains the advanced Microbes that will fall into the OzzyJuice<sup>®</sup> solution as it passes through. The microbes then get to work breaking down and cleaning the fluid so it can be re-used over and over again.

## WHY THE CRC SMARTWASHER<sup>®</sup>?

## SMARTWASHER® UNITS

The SmartWasher® offers a wide range of heavy-duty machines, designed for all applications across multiple industries.

<b>SW-23</b> Mobile Parts Washer	<b>SW-25</b> Signature Parts Washer	<b>SW-28</b> SuperSink Parts Washer	<b>SW-37</b> Mobile Heavyweight
Item Code: SW-23	Item Code: SW-25	Item Code: SW-28	Item Code: SW-37

## OZZYJUICE®

The OzzyJuice® selection offers exceptional cleaning performance with no-compromise water-based formulas. CRC provides a solution for every industry and application.

<b>OzzyJuice® SW-X1</b> High Performance Degreasing Solution	<b>OzzyJuice® SW-4</b> Heavy Duty Degreasing Solution	<b>OzzyJuice® SW-8</b> Aircrafts, Weapons and Select Metal Degreasing Solution
Highest Performance Degreaser	Heavy Duty Degreaser	Select Metals
Item Code: 3200-BOXSW-X1	Item Code: SW-4	Item Code: SW-8

## OZZYMAT®

The OzzyMat® is what separates SmartWasher® from the rest. A high-quality, multi-layer filter mat containing state of the art microbes that allow the bioremediating, circular system.

Designed for applications with normal to heavy usage, the FL-4 Multi-Layer OzzyMat® has (4) white layers and (1) blue layer. The white layers on the mat trap any particulate larger than 50 microns and should be peeled away once a week for optimum performance. The blue layer is the support structure that contains the microbes (Ozzy®) and delivers them into the system. These microbes (Ozzy®) migrate from the OzzyMat® into the OzzyJuice®, located in the SmartWasher® tank, and break down oil and grease.

Item Code: FL-4

## START-UP KITS

Each SmartWasher® can be ordered as a complete start-up kit. Each kit contains the solution and the filter necessary to get you up and running quickly. Select the SmartWasher® model and solution type based on your cleaning needs. Please visit our website, [crcindustries.com](http://crcindustries.com), and search "SmartWasher® Kits" for options.
